- New as of 01/23/23

Mapping of Core Areas and Linkages for the Natural Heritage System is general in nature and based on data available for Natural Heritage Features. Precise scaling of this mapping should not be made.

This Schedule should be referenced alongside Schedule D and Schedule D1 through D8 for mapping of Natural Heritage Features and Areas.

Certain Natural Heritage System components are not shown on this schedule due to data sensitivity or other issues; those components still comprise part of the Natural Heritage System and are subject to all applicable policies.
